

# NOTICE TO RESIDENT

**Intersection Improvements - Donald Street at St. Laurent Blvd.  
CONTRACT NO. ISD17-5201**

## CONSTRUCTION NOTICE

April 2018

---

Dear Resident/Business,

Beginning in April 2018, you will notice construction work occurring in your neighbourhood. This activity is being conducted to improve transportation safety at this intersection.

- WHO:** Contractors working for the City of Ottawa will be completing this construction.
- WHY:** This construction will incorporate new lane configuration, streetlighting, traffic signals, bike lanes and sidewalk infrastructure, offering better transportation choices while improving safety for all roadway users.
- WHAT:** A cycling facility will be added at the intersection. In addition, traffic calming features, pavement markings, signage, and modifications will be constructed at all quadrants of the intersection.
- WHEN:** Work will **begin in April of 2018** with completion in September 2018, subject to unforeseen circumstances.
- WHERE:** Donald Street at St. Laurent Boulevard intersection roadway rights-of-way.

### **Accessibility**

Accessibility is an important consideration for the City of Ottawa. The City makes every effort to provide access through and around construction sites. If you require special accommodation, please contact the undersigned.

### **On-Street Parking**

To allow the work to be completed, on-street parking will be prohibited during the construction period. Signs will be placed 24-hours in advance indicating the temporary parking prohibition. Vehicles parked at these locations may be towed at the owner's expense. Parking fines may also apply.

# NOTICE TO RESIDENT

## **Construction Disruptions**

The contractor will assume full responsibility for the construction work in its entirety. They will take every precaution to minimize interruptions to the everyday life of your family and/or operation of your business, but as you can appreciate, there may be some inconvenience during the course of the operation of the work, such as delays and traffic detours when travelling through the construction zone, noise, dust and vibration. You may feel vibrations at your home or business due to the use of the heavy equipment needed to complete this work. This is quite common and not usually a problem. We would like to thank you for your patience and co-operation.

## **Impact on the Right-of-Way and Adjacent Private Properties**

The construction work is within the City's right-of-way and will not result in any major disruption to part of the private property directly adjacent to the work. Lawns, pathways, gardens and/or driveways may be disturbed. The affected areas will be reinstated as soon as possible after construction is completed.

For general project information including the key plan, please check the City website:
